Best Practice – I

1. **Title of the practice:** Finishing School

2. **Objectives of the practice:** This school is designed to achieve the following objectives:

- To help the students to solve their personal, educational, and psychological problems.
- To provide guidance to the students on various career options and their future prospects.
- To acquaint the students with the admission procedure for higher studies and research fellowships.
- Enhance the soft skills & employability skills of fresh graduates from different streams to make them job-ready.
- Reinforce the students' skills to acquire industry-specific knowledge by interaction with experts of the industry and other professionals.
- To prepare the students to adapt themselves with ease to work cultures and the environment of the industry.

3. **The context:** Various surveys in the recent past reported a large proportion of Indian graduates as unemployable. These reports established a fact that our graduates lack soft skills, employability skills, and attitude. NEP 2020 has also emphasized skilling and employability. We at SCD Govt College have not only accepted this challenge rather acted to cover this weakness of students to the best of our capacity. The college designed a Finishing School Programme. It is a modular programme developed by a group of teachers from different faculties of the college. This programme is an exclusive in-house developed course that acts as a bridge between college life and professional life apart from enhancing the employability quotient of the outgoing students.

- **4. The Practice:** College is running 'Finishing School' in its vicinity. Through it, students are being trained to crack various competitive exams like PCS, UGC, Banking etc. They are also being trained in diverse fields of their future utility like Communication Skills, Personality Development, Tally and Retail and Marketing. Through Finishing School, we focus on grooming the personalities of our students so that they are better equipped to meet sine Qua Non of future life.

5. **Evidence of Success:** The evidence of the success of the practice is clearly visible from the activities carried out and placement over the last five years.

6. **Problems Encountered and Resources Required:** The main constraint is the tight and busy schedule of the semester. To overcome this obstacle the schedule for finishing school programme is implemented in the early morning and virtual classes.

7. **Notes (Optional)** Resources required:

Highly motivated faculty
Financial resources for invited resource persons

Problem encountered and resources required

The biggest challenge in sports is recovery from injury, sportsman got injury while practice very

often and they often needed physiotherapy. Our faculty members of Physical Education Department help them to recover from injury.

Notes (optional)

We have standard sand track of athletics. We need synthetic athletic track for the betterment of athletes.

Best Practice: 3

1. Title of the practice: Teachers use ICT enabled tools for effective teaching-learning process

2. Objectives of the practice: Educational systems worldwide have been affected by the Covid-19 pandemic, leading to the near total closures of schools, and colleges.

3. The context: Most governments around the world have temporarily closed educational institutions in order to restrain the spread of Covid-19. This requires all elements of education to adapt and to continue the teaching learning process.

4. The Practice: The Indian Government assigns the distance learning system using online learning. This is effective solution to activate classroom even though school have been closed to reduce the spread of covid-19. Many platforms of digital sources have been implemented by school, one of them is using Google Classroom. This research aims to get review of using Google Classroom during this pandemic. This study was library research that describes the phenomenon of using Google Classroom.

5. Evidence of Success: The result of the research finding proves that it is effective to use this platform. It is one way to be considered by the schools and teachers to provide students by e learning that can be attracted for the students, while the process of teacher learning move to virtual classes.

6. Problems Encountered and Resources Required: Teaching using ICT tools - Such as

- Subject PPT are prepared by subject faculty and senior professors in the department
- PPT prepared by outside experts
- Audio and video lectures prepared by our college faculty members.
- Audio and video lectures available through VTU, NPTEL.
- Advanced digital notepads
